## Conifers. Rooted Cuttings.

The following list of rooted cuttings will be for spring shipment about April, except where otherwise noted. The varieties with an (\*) are for fall to spring delivery and are in flats under lath. The varieties marked below for Feb. to March delivery should be planted in coldframes until warmer weather in spring, or have us hold them for April 15 or May delivery. The others can go outside anytime. All should have plenty of moisture the first summer.

Priced per 100.

<i>Chamaecyparis lawsoniana allumi</i> (Blue Cypress) ---	\$8.
Also a few large cuttings for fall at 10¢ each.	
* <i>Cham. Laws. azurea</i> . New, extremely blue sport of allumi. -----	\$12
* <i>Cham. Laws. cerula</i> . Columnar form of allumi. -----	\$10
* <i>Cham. Laws. ellwoodi</i> . Blue upright, dwarf. -----	\$10
* <i>Cham. Laws. fletcheri</i> . -----	\$10
<i>Cham. Laws. lutea</i> (Golden Lawson Cypress) -----	\$8.
<i>Cham. Laws. stewarti</i> (Wintergolden Cypress) -----	\$8
<i>Cham. Laws. westermanni</i> . Pendulous growth, golden foliage. -----	\$8
<i>Cham. Laws. wisseli</i> . Also a few large cuttings for fall at 10¢ each. -----	\$8
<i>Cham. obtusa compacta</i> (Compact Hinoki Cypress) ---	\$10
<i>Cham. obtusa torulosa</i> . Green, irregular pyramid, dwarf. -----	\$10
<i>Cham. pisifera filifera nana aurea</i> (Dwarf Golden Thread Cypress). -----	\$8
* <i>Cham. pisifera squarrosa veitchi</i> (Blue Retinospora)	\$8
<i>Cryptomeria japonica nana</i> . Small cuttings. -----	\$12
<i>Cryptomeria japonica lobbi</i> . Small cuttings. -----	\$12
<i>Juniperus chinensis pfitzeriana</i> . Feb. or March to May delivery. -----	\$8
<i>Juniperus contorta</i> . Semi-prostrate, much slower growing than Pfitzer Juniper. Foliage like Koster Redcedar. -----	\$8
* <i>Juniperus communis hibernica fastigiata</i> (Narrow Irish Juniper). -----	\$8
<i>Juniperus sabina tamarisifolia</i> (Tamarix Savin Juniper) Feb. or March to May delivery. -----	\$8
<i>Juniperus squamata meyeri</i> . -----	\$12
* <i>Taxus baccata aurea</i> . Very good item to trim to globe shape. Short cuttings, well-rooted. -----	\$8
* <i>Taxus baccata fastigiata</i> (Irish Yew). -----	\$10
* <i>Taxus baccata procumbens</i> (Prostrate English Yew) Short cuttings, well-rooted. -----	\$8
* <i>Thuja occidentalis aurea-variegata</i> (Goldspot Arborvitae). -----	\$8
* <i>Thuja occidentalis pyramidalis</i> . Supply very small. ---	\$6

## BROAD-LEAVED EVERGREENS

The varieties listed here are for spring shipment, about April 15 on, except where otherwise noted. Any which are ready sooner should be planted in cold-frames until warmer weather about April 15 to May. Most varieties should be grown under lath the first summer with plenty of water. Azaleas and Heathers especially benefit with a good quantity of peat moss added to the soil.

Abelia Edward Goucher. A new variety, deep pink.  
\$6 per 100

AZALEAS. All varieties except where otherwise noted are \$6 per 100, \$50 per 1000. 100 of a variety at the 1000 rate if you order not less than 3 varieties (300 rooted cuttings).

Amoena coccinea. Hardy Japanese. Foliage small, dark and glossy. Flowers red.

Benegiri. Hardy Japanese. Tall grower, large, showy, crimson blossoms.

Bouquet Rose. Grows like Macrantha and blooms same time, flowers rose-pink.

Christmas Cheer. Very compact plant, flowers red.

Coral Bells. Kurume. Compact grower, flowers coral-pink.

Hinodegiri. Kurume. Dwarf, compact, slow-growing, red flowers.

Jersey Bell. A good, healthy grower with foliage similar to Hinodediri.

~~Exposition~~ Flowers are coral-salmon, hose-in-hose, A new variety. Delivery Nov. 15 on. \$8 per 100.

Ledifolia Alba. Indica. Good grower with very large white flowers. Delivery Nov. 15 on, and spring.

Macrantha. Compact, low-growing plant with pink flowers.

Mrs. Fisher. Very vivid pink, a free bloomer. Delivery Nov. 15 on, and spring.

Orange Queen. Kurume. Low-growing plant, orange flowers.

Pink Pearl. Kurume. A beautiful shade of deep-tinted pink, and a good bloomer.

Rosaflora. Very dwarf, low-growing plant covered with beautiful, very double, salmon-pink flowers. \$7 per 100.

Salmon Beauty. Kurume. Large, hose-in-hose flowers of a beautiful shade of salmon-pink. Light green foliage.

Sherwoodi. Kurume. Large, orchid flowers, good growing plant. Very desirable. Delivery Nov. 15 on, and spring.

Snow. Kurume. A very popular hose-in-hose, white borne on a compact plant.

Sweetheart Supreme. Rose pink, very double. Nov. 15 on, and spring delivery. \$8 per 100.

Twenty Grand. Large hose-in-hose, dark rose color.

Vesuvius. Kurume. Good grower with dark green leaves, flowers large, bright orange-red.

Ward's Ruby. Kurume. New, very good variety, ruby-red flowers.

Yayegiri. Hardy Japanese. Fast growing plant with hose-in-hose salmon-red flowers.

*Cistus purpureus* (Orchid Rockrose). Said to be the best of the Rockroses. Flowers 3 inches or more across are rich, rosy-pink with yellow stamens in center. The maroon blotch at their base adds to the attractively crinkled petals. Blooms much of the summer, starting in May or June. Unlike most of the broad-leaved flowering evergreens such as Camellias, etc., it likes full sun. A salable blooming size plant can be produced in 2 years from a rooted cutting. The plant grows about 4 feet high and with a spread of 6 feet. Delivery, Feb. to May. Rooted cuttings do not require shade the first year. ----- \$8 per 100.

*Cotoneaster microphylla minor* (Dwarf Rockspray Cotoneaster). Low-growing, with dainty, glossy, deep-green leaves, red berries. Disease free, hardy and evergreen. Makes a very good ground cover. 250 or more at 5¢ ----- \$6 per 100.

*Cotoneaster microphylla thymifolia* (Thyme Rockspray Cotoneaster). Desirable for rock work and other plantings where small shrubs are wanted because of its low, thick-growing habit. The foliage is thyme-like, small and dainty. This little dwarf bears red berries and is evergreen.---- \$6 per 100.

*Cotoneaster parneyi*. Considered the best upright cotoneaster. Bears red berries in wonderful profusion. ----- \$8 per 100.

*Cytisus scoparius* (Brooms). In the following varieties. The brooms make beautiful mass plantings and good hedge subjects also. Salable plants can easily be grown in 2 years from rooted cuttings planted in Spring. ----- All varieties \$10 per 100.

C.S.Brownsville. Tri-colored red, yellow and orange, giving an old-rose color effect from a distance. The most profuse blooming variety we have.

C.S.California. Large flowers with a pleasing intermingling of crimson, cream and rose. The general color is pink. Very good foliage.

C.S.Dorothy Walpole. Flowers tri-colored, well-marked crimson, with rosy-cream background, giving a rich maroon effect from a distance. More dwarf, denser-grower than most of the fancy brooms.

C.S.Stanford. Large tri-colored flowers, crimson, cream and gold. Plant is sturdy and dense, foliage velvety.

C.S.St.Marys. Large, clear, creamy-white flowers. Not as large-growing as most varieties.

*Daphne cneorum* (Rock Daphne). ----- \$10 per 100.

HEATHERS. All except where otherwise noted are priced at \$4 per 100, \$36 per 1000. 100 of a variety at the 1000 rate if you order not less than 3 varieties (300 rooted cuttings). Heather should be pruned after flowering to keep them compact.

*Calluna vulgaris alba*. Dark green foliage and blossoms are of snowy whiteness, grows to about 18 inches, mid-summer bloomer.

*Calluna vulgaris aurea* (Golden Heather). Nice, golden foliage which during the winter takes on beautiful tinges of red which are intermingled with green and gold. The flowers are soft lavender shades. Blooms late summer. Height about 18 inches.

*Calluna vulgaris* County Wicklow. Double pink. Height 12 inches. Summer.

*Calluna vulgaris Froxii*. The tiniest of the tiny Callunas, looking like a dark green ball of moss Purple pink flowers, summer blooming. The cuttings are very tiny and require extra time propagating. Price ----- \$8 per 100.

*Calluna vulgaris nana* (Moss Heather). A dainty little dwarf growing only a few inches tall. Very close, compact growth with refreshing green foliage. Blossoms lavender, mid-summer blooming.

*Calluna vulgaris pygmaea*. Foliage dark green, very compact and dainty. Lavender flowers in mid-summer. Could be used many places in landscaping where a very low-growing shrub is required.

*Calluna vulgaris rubra*. A rich, purplish-red. When in bloom in mid-summer nothing is visible but the blossoms. Grows about 18 inches tall. Much like *vulgaris alba* except for color.

*Daboecia polifolia alba*. White flowers all summer resembling Lily-of-the-Valley in form and size above glossy-green, tiny leaves. Grows about 18 inches tall.

*Daboecia polifolia rosea*. Much like the above white form except flowers are mauve-colored.

*Erica carnea* King George. Flowers rose red which completely cover the plant when in bloom in early spring. Low-growing. One of the showiest and one of prettiest of dwarf heaths.

*Erica carnea rosea*. Pink winter-blooming, low-growing.

*Erica carnea Sherwoodi*. Flowers bright carmine-red in early spring, low spreading habit makes it a valuable ground cover.

*Erica carnea* springwood pink. New variety. \$8 per 100.

*Erica carnea* springwood white. A low spreading plant which makes an excellent ground cover. Ivory white flowers and rich brown anthers in mid-season.

*Erica cinerea* Golden Drop. New variety, pretty, golden foliage. ----- \$7 per 100.

*Erica hybrida* Dawn. Large, soft-pink flowers most of the summer.

*Erica mediterranea* hybrid. Rosy-lavender, winter-blooming.

*Erica mediterranea maxima*. An upright-growing variety growing 4 or 5 feet tall. Compact, dense grower with fine foliage. Lavender-pink blossoms in late winter. Could be used much more in landscaping. A lovely plant in bloom and always attractive in foliage.

*Erica hybrida* Wych. Large, shell-pink flowers in summer.

*Erica tetralix mollis*. White flowers tinged with pink in summer.

*Pieris japonica* (*Andromeda japonica*). --- \$8 per 100.

*Viburnum tinus lucidum* (*Laurestinus*). -- \$6 per 100.

### PERENNIALS, ETC.

We have a very small quantity of the following seedlings to offer for fall delivery only. The plants are from July sown seed. Bed grown in sandy loam, good roots. All are priced at \$1.80 per 100. Not less than 50 of a variety sold on all seedlings.

Carnation, Super Giant Mixed, and Dwarf Vienna Mixed.

Forget-Me-Not, Victoria. Dwarf globular strain. 8 ins.

Sky Blue, Indigo Blue, Pink and White.

Matricaria (Feverfew). Ball Double White.

Pansies. Several small lots, mostly Steele's, offered in mixture only. Many of the plants are blooming now (Sept. 17).

Pentstemon, Sensation Mixed. Almost perennial here. Excellent cut flower.

Poppy, Iceland Mixed.

Snapdragon (for spring bloom). Burpee's new Tetra ruffled mixed and Velvet Giant.

Sweet William. Vaughan's special mixture, Homeland (dark red with clear white center) and Dwarf midget mixed.

### GRENADIN MIXED CARNATION SEEDLINGS

Late Fall to June 1948 delivery. Strong, open field bed grown plants. \$2.50 per 100, \$20 per 1000.

The Grenadin Carnations are no doubt one of the best strains of hardy carnations. The above plants would be excellent for potting or large plant bands to sell in bloom in summer, or they could be planted out in beds and sold next fall out of the beds in bloom like Pansies. Hardy Carnations should always move well retail when in bloom. Also good for cut flowers. These do not come 100% double from seed.

Primrose Polyanthus Seedlings. Mixed colors from imported seed. Large-flowering type. Late fall to spring delivery. \$2.50 per 100, \$20 per 1000.

Coreopsis, Sunburst (Double Gold) and Mayfield Giant single golden. Large seedlings at \$4 per 100.

### ONE-YEAR TRANSPLANTED FIELD-GROWN PERENNIALS

Grown in sandy loam. Good roots. Shipped bare rooted. Delivery fall to spring unless otherwise noted.

Aquilegia Longissima Hybrids. Longest-spurred variety of Columbine. Wide color range.----- \$12 per 100.

Aquilegia, Long-spurred blue shades. -- \$10 per 100.

Aster Violetta. Plants grown from summer cuttings, 1947 fall transplanted. Delivery spring. \$12 per 100.

Carnation, Burpee's Super Giant. A very large double flowering strain. About the same type as Chabaud, but flowers 1/3 larger. Very wide color range. Very good for cut flowers or plant sales (in bloom especially) ----- \$8 per 100.

Chrysanthemums. We have about 60 varieties of hardy Chrysanthemums, all good varieties including many English ones which we offer in a mixture only. These are especially good for cut flowers as well as for retail plant sales. Spring delivery only (from cuttings taken in spring 1947) \$12 per 100.

We also expect to have rooted cuttings of the above for delivery April 15 to June at \$5 per 100, \$40 per 1000. This is a very good buy for the quality contained in this mixture.

Delphinium Pacific Giant, grown from Vetterle and Reinelt's hand-pollinated seeds. ----- 10 for \$3.

----- \$25 per 100.

Primrose Acaulis Blue. From Vaughan's seed. Spring delivery. ----- \$12 per 100.

Primrose Polyanthus Colossea strain mixed. Spring delivery. ----- \$6 per 100.

Primrose Polyanthus Pacific strain (Vetterle and Reinelt's). Fall delivery. ----- \$12 per 100.

Smaller plants for spring delivery -- \$8 per 100.

Primula Western Giant strain. A good strain with a very wide color range and large flowers. Large plants. ----- \$8 per 100.

The above Primroses are excellent for winter forcing as well as spring plant sales.
